

# Fog Guard™

## Anti-Fog Solution

OR Essentials - #30900

Maintaining optimal vision is crucial to operative awareness, efficiency, and safety. Fog-Guard™ specially formulated anti-fog solution effectively ensures fog-free viewing for increased patient safety, while also helping to avoid unnecessary interruptions during the procedure.

- Can be used on endoscopic lenses, surgical cameras, glasses, goggles, and protective eyewear
- Includes a soft, non-abrasive, X-ray detectable, foam pad with adhesive backing that allows for universal placement
- No needles, syringes or vials needed
- Each kit is packaged sterile and single patient use
