

Floor Safety & **Protection**

Camel Mats™ | Absorbent Floor Protection

Solutions for Maintaining Clean, Dry Hospital Floors

Absorbent Mat

Fluid-Proof Poly Barrier
(non-slip versions)

Non-Slip Backing

Help Eliminate Slips, Trips, and Falls

- Keep hospital floors clean and dry
- Single-use design improves infection control and reduces cross-contamination
- Non-slip backing for secure placement

Advanced Fluid Retention Technology

Fluid-absorbing polymer traps liquid for easy and convenient cleanup and enhances absorption, preventing fluid drips

Camel Cord Cover™

Two peel strips reveal residue-free adhesive that secures the cover to the floor. This feature safely secures cords and decreases the risk of trips and falls.

Available in two sizes

#80541

Fitted Camel Mat

Extend the usable life of Soft Step mats by incorporating single-use, absorbent covers

- Available in two sizes:
#80536 - 39" x 24"
#80537 - 74" x 24"

“Prolonged standing during surgical procedures poses a high risk of causing musculoskeletal disorders, including back, leg, and foot pain, which can be chronic or acute in nature.”

— AORN Journal

The Oasis™ | Anti-Fatigue Floor Mats

Increasing Safety and Comfort for Hospital Staff

The Oasis™ Mat deters the onset of muscle fatigue and helps keep hospital floors clean, dry, and safe.

At the core of the Oasis, between two layers of shock absorbing, closed-cell foam, is the same ultra-absorbent material featured in the Camel™ Mat. An impermeable barrier prevents fluid from reaching the hospital floor, while a non-slip backing keeps the mat securely in place.

- Maximize performance by decreasing muscle fatigue
- Improve infection control by reducing exposure to contaminants
- Increase safety by minimizing possibility of injury from slips and falls
- Save money by reducing turnover time
