

The Pink Reverse-T Kit™

Reverse Trendelenburg Positioning System

- **Safely Prevent Sliding**

An innovative seat contour made of high-density, supportive material ensures anatomically correct positioning, while skin-friendly PinkProtect™ safely prevents unwanted movement in reverse Trendelenburg

- **Reduce Risk of HAPIs**

Beyond preventing unwanted movement in reverse Trendelenburg, the Pink Reverse-T Kit features a unique material that offers patients unparalleled skin protection.

Unique softness, breathability, immersion, and envelopment characteristics protect against Hospital-Acquired Pressure Injuries (HAPIs).

- **Improve Perioperative Workflows**

The Pink Reverse-T Kit™ requires less than one minute to set up. A single-use design minimizes cross-contamination risk and improves OR turnover times.
