 8,464,720; 8,511,314  
 9,161,876; 9,750,656  
 9,782,287; 9,931,262  
 9,949,883; 10,045,902  
 10,285,890; 10,324,050

**European Patent:**  
 EP 2 802 305 B1  
 Additional Patents Pending

Kit #40641 available with One-Step Arm Protectors

## ■ Prevents Unwanted Patient Movement

Utilizing the same technology that revolutionized Trendelenburg positioning, The Pink Pad Reverse T Kit completely eliminates unwanted patient movement in reverse Trendelenburg. The raised seat of bariatric foam provides contoured support while the advanced Pink Pad material molds and conforms to hold the patient gently, but securely.

## ■ Maximizes Skin Protection & Patient Safety

The soft, breathable material reduces risk of HAPIs while minimizing non-reimbursed care costs by avoiding preventable injuries and CMS Never Events.

## ■ Complete Coverage for Every Patient

The Pink Pad Reverse T Kit offers a complete solution for protecting all areas of the patient, allowing clinicians to establish a standard of care so every patient benefits equally from our unique design.

## #40640 Kit Includes

- 1 Pink Pad Reverse Trendelenburg Pad
- 1 Lift Sheet
- 2 Sets of Knee and Body Straps
- 1 Pink Pad Headrest
- 1 Pair of Standard Armboards
