

SURGICAL TRAY CORNER PROTECTOR

- Creates a soft barrier to protect sterilization wrap from sharp corners, preventing holes or tears
- Eliminate unnecessary costs created by contaminated surgical trays
(Average savings: \$40 per contaminated tray)
- No more double-wrapping of trays
- Cost-effective solution

40461 white foam - 6" x 6" x 1.25"
100 sheets/case (4 squares / 6" x 6" sheet)
