

Sterile Processing Products

The Soft Step
Anti-Fatigue Mat

- Tapered channels prevent problematic fluid pooling
- Decreases muscle fatigue
- Increases safety - keeps staff comfortable

PRODUCT	SIZE
#80543	70" X 20"
#80544	35" X 20"

"(Prolonged standing) poses a high risk of causing musculo-skeletal disorders, including back, leg, and foot pain, which can be chronic or acute in nature." (AORN Journal, June 2011)

FITTED CAMEL MAT

These mats feature all of the absorbent qualities of The Camel line, while adding a barrier of protection to the Soft Step; helping to extend the life of anti-fatigue mats.

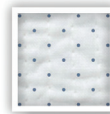

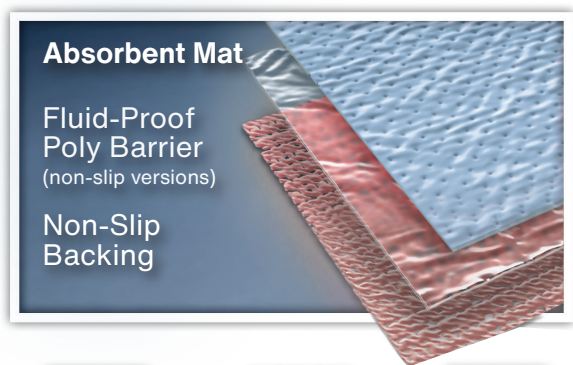

Available in two sizes:

#80536 - 39" x 24"

#80537 - 74" x 24"

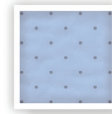

A line of absorbent mats that feature multiple layers designed to protect both hospital floors and staff. Available in three different levels of absorbency.

The Gobi

The Mojave

The Sahara

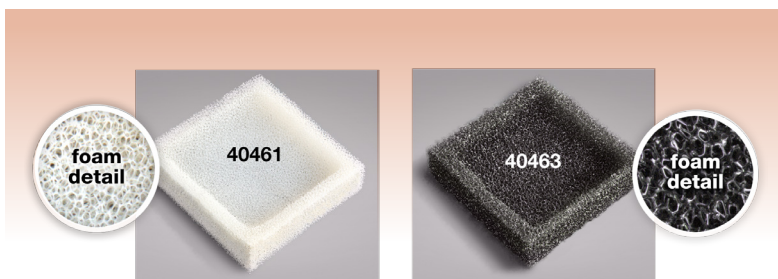

Camel Mats come in a variety of sizes, including an 80" x 48" version that fits perfectly in front of cart washers – #80524.

SURGICAL TRAY CORNER PROTECTORS

Prevent moisture retention and unwanted tears in sterile tray wraps with Surgical Tray Corner Protectors. Reticulated foam ensures maximum airflow and moisture management while providing a soft, supportive barrier to protect sterile wrappings. *(pictured to the left)*

"The single-use design reduced both our overall costs and our stress levels."
